Public comment-

Received an executive summary for energy efficiency guidelines to help with architectural downselect. Some of these are eligible for grant money. Some require grant applications and some are directly reimbursable. Resident wanted us to be aware of this and make sure prospective candidates are familiar with these programs.

Discussion about letter to the Governor through our State Rep to urge him to release the funds for the building. Suggestion to request an audience with the Governor and present our case to him personally.

Brainstormed bullet points to frame a presentation/letter around.

Next meeting scheduled for 10/22 at 7:30 PM.

Motion to adjourn, seconded and approved- adjourned at 8:33 pm.
