
TABLE OF CONTENTS

Section I	Project Narrative	1 - 4
	Introduction	
	Pre-Development Conditions	
	Post-Development Conditions	
	Stormwater Methodology and Regulations	
Section II	Stormwater Evaluation	5 - 12
	MassDEP Standard 1: No New Untreated Discharges	
	MassDEP Standard 2: Peak Rate Attenuation	
	MassDEP Standard 3: Recharge	
	MassDEP Standard 4: Water Quality	
	MassDEP Standard 5: Land Uses with Higher Potential Pollutant Loads	
	MassDEP Standard 6: Critical Areas	
	MassDEP Standard 7: Redevelopment	
	MassDEP Standard 8: Construction Period Pollution Prevention and Erosion & Sedimentation Control	
	MassDEP Standard 9: Operations and Maintenance Plan	
	MassDEP Standard 10: Prohibition of Illicit Discharges	
Section III	Attachments (Project Reference Materials)	
	Project Authorization Letter(s): Property Owner & Developer/Applicant	
	USGS Plan, NRCS Soils Map, Firmette, Mass GIS & Aerial Plans: <u>fold out</u>	
	Existing Condition Plans (Hancock Associates): <u>fold-out</u>	
	Proposed OSRD Plan (Hancock Associates): <u>fold-out</u>	
Section IV	Attachments (Stormwater Reference Materials)	
	MassDEP – Checklist for Stormwater Report	
	Pre-Development Drainage Plan, Post-Development Drainage Plan: <u>Pocket</u>	
	HydroCAD Model Reports (Type III - 2, 10, 25 and 100-yr 24-hr events)	
	HydroCAD Model Reports (Type III - Pond Hydrographs & Storage Tables)	
	MassDEP Rv & TSS Worksheets	
	Project Test Pit Information (Hancock Associates)	
	Stormwater Operation and Maintenance Plan	
	Supportive Technical Information and Representative BMPs
